My Action Plan

How are you going to reach your goal? In order to start earning points you have to create a learning plan for yourself. List at least 5 actions or things you are going to help you reach your long term goal. Are you going to spend an extra two hours studying each week or maybe you will stay after school to work with a tutor. Need more help? You can scroll through our list of suggestions or ask your parent or teacher to help you.

Action 1

Read for an extra 20 min every night

My Weekly Action Plan

Earn an extra 5 points for every week you create an Action Plan! Create a list of three specific actions you are going to take this week to help you reach your goal. For example, maybe you are having a hard time in Spanish, so one of your actions could be to spend an extra 20 minutes a day studying your Spanish Vocab. If you need help remember to ask your teacher, parent or even other students for suggestions.

Action 1

Study every day for an hour for Spanish Exam.

Action 2

Keep books for math in backpack to arrive on time to Math

Action 3

Leave for the bus 5 minutes early

Weekly and course points don't need their own breakdown right now, these links won't be needed until the more detailed reporting is available. The point History on the total points page will be enough for now.

The home points won't come into the picture until down the road.

The Student Leaderboard doesn't need to be implemented until phase 2 (if not later)

The point history can just show weekly points for now if breaking it down is too difficult.
